

How to Log In to Your Website

Open a web browser such as Firefox, Safari, or Internet Explorer. In the address bar, type <http://yoursite.com/user>, as pictured below. Replace “yoursite” with the actual name of your website.

Tip: It isn't necessary to type www for most websites. You can leave it off and save some typing.

You should see a page similar to the one below. Type your user name and password into the box provided. Then press the Submit button.

User account [Create new account](#) [Log in](#) [Request new password](#)

Username: *

Enter your Your Site username.

Password: *

Enter the password that accompanies your username.
